COMPAQ

Compaq Accredited Professional Programme

Oliver Deering
German Mobile

19th December, 2001

Dear Oliver,

I am delighted to inform you that your Manager through the COMPAQ TCSC **Reward and Recognition** Program has proposed you for recognition.

The reason for this recognition is specifically for your flexibility and hard work in helping out the Commercial team by taking overflow calls. You have proven to be an extremely dedicated TSR and have progressed very quickly in the short time that you have been with the team. You were open to the idea, knowing that by helping out you would take some pressure from the Commercial team.

To this end the company has decided to award you with Bonus Bonds to the value of IR£100.

Oliver, once again thank you for your time and commitment during this busy year and I look forward to your ongoing support in the future.

Yours sincerely,

Walter Stassen
Operations Manager
